Learning how to play the piano is often found hard and time consuming.
We created a fun and easy way to learn to play piano . We did this by connecting different tones to different colors.

```
void loop(){
    buttonState = digitalRead(buttonPin);
    if (buttonState == HIGH) {
        digitalWrite(ledPin, HIGH);
    }
    else {
        digitalWrite(ledPin, LOW);
    }
}
```

```
{
    buttonState1 = digitalRead(buttonPin1);
    if (buttonState1 == HIGH) {
        digitalWrite(ledPin1, HIGH);
    }
    else {
        digitalWrite(ledPin1, LOW);
    }
}
```
